

## Abstract

The paper wants to describe how English is taught in Private English Course using Phonics system. Besides, it also explains how the learning process affects the young learners in *The English Garden (EDEN)* Course and how much improvement the young learners get.

The study involves the students from different classes (Bubble 4 and Phonics A) whose ages around 3-6 years old. The data collected from intensive observation from April 26<sup>th</sup> 2010-June 30<sup>th</sup> 2010, Parents and teachers are also interview to find out the improvement of their children competent and the reason why they choose *The English Garden (EDEN)* as the English Course for their children.

As the result of this analysis, the writer found that the children productive skill is excellent in speaking, whereas good in writing and pronounce the sounds. In the end of this paper, the writer gives a suggestion to the English teachers especially for young learners to use either method in teaching which develop their imagination, friendly, attractive and creative ways.

**Keyword: English Course, Phonics, Sounds, Productive skill and creative ways.**
